

Owner:
Nordblom Company

Architect:
Maugel Architects

Area:
29,476sf

Duration:
6 Months

Type:
Renovation

Erland performed both interior and exterior renovations to this existing office building in Northwest Park. Base building work included a new roof, windows, walls, drainage, parking area, new MEP and fire suppression systems, walls, ceiling, and floors.

The interior was fit up for Foliage, developer of complex software intensive products. Special features include a new 20ft clear height lobby with sloped glazing systems as well as sloped glazing at a "feature corner" of the building.
