Teaming with architect Symmes Maini & McKee, Erland completed this project overlooking Lake Massasoit in 16 months. This was Erland's second project on the Springfield College campus. The first was the new Wellness and Recreation Complex. We have since completed two more projects on this campus.

The 60,000sf Campus Union – a central location for student services and activities – features space to support international programs; student offices; a lounge; activity space to encourage student interaction, collaboration, and a sense of community; a food court, bookstore, postal services, and convenience store; and a 6,000sf multi-purpose room capable of housing large campus events.
