For over 20 years, Sunrise Senior Living has provided senior services throughout United States, Canada and the United Kingdom. Sunrise of Burlington, was designed with a colonial feel to blend with the surrounding New England architecture. The site, alongside a busy commercial street, required extensive development, including a large retaining wall system.

Minutes from Erland's headquarters, this new 3-story assisted living facility includes 79 resident units, each with custom finishes for a "homelike" environment. Community amenities include a recreation area, private and common dining areas, a lounge, and a beauty/barber shop.

This was the first of two projects Erland performed for Sunrise.
